

About Department:

SKBR has a long and successful history of designing programs in the Chemistry discipline. Chemistry is one of the significant branches of science which is essential for the existence of life. B.Sc. Chemistry course was introduced in the year 1966-1967 with combinations of Mathematics, Physics, Botany, Zoology, and Chemistry as an allied combination with an intake of 60 seats. With the rapid evolution and Continuous need for innovation, the department has started the B.Sc. (Mathematics, Physics, chemistry (MPC) and Botany, Zoology and Chemistry (BZC)) program during the academic year 2020-2021 with the permission of Acharya Nagarjuna University with an intake of 60 seats. The department organizes guest lecturers by eminent personalities to inculcate knowledge into the students. The department conducts student seminars, quiz programs, and internal examinations to assess the progress of the students. The Department provides study material for better results and conducts remedial coaching for slow learners. The department encourages as well as guides the students to build up their careers. Additional reading material is available in the department for the students preparing for higher-education entrance tests.

Our department has Well equipped laboratories with instruments like hot plates, electrical centrifuges, vacuum pumps, heating mantels, electrical water baths, magnetic stirrers, digital conductometer, digital weighing balance, hot air oven, digital potentiometer, ultraviolet-visible spectrophotometry, electrical balance, etc., which can help the students to do practical and project works.

The Department has well-qualified and experienced faculty. The faculty members are deputed to participate in Conferences, Seminars, Workshops, and Refresher Courses to keep in pace with recent developments in the field of pharmaceutical industries.
